

FORMER FPE FACILITY
CARROLL AVENUE AND
JENNINGS STREET
SEE 1926 SANBORN MAP

Yosemite Slough
Sediment Site

520 260 0 520 Feet

1 inch = 0.1 miles

Note:

1. Pacific Federal Manufacturing Corporation site was located at Jennings and Carroll Avenue and is unique as the property was served by a dedicated railroad siding.
2. A 1926 Sanborn map identifies several potential oil release points including the following:
 - a. Oil Storage in Steel Drums
 - b. Barrel Storage area
 - c. Barrel Warehouse area
 - d. An Incinerator
 - e. A Laboratory facility
